JIANGHUI LI

Address: 300 University Ave, Syracuse, NY 13210   **Phone:** (315) 991 0192   **Email:** jli159@syr.edu

OBJECTIVE

A graduate student majoring in Applied Data Science at Syracuse University. I learned many technical skills from the courses I took, such as R, Python, MS Excel, SQL, C++, etc. I enjoyed working and sharing knowledge with people in different case study scenarios, and I believe my fast-learning abilities and relevant studies make me a perfect fit for various roles in the data science field.

EDUCATION

09/2017 – 12/2020   Bachelor of Science, Syracuse University – Syracuse, NY
Major: Info Mgmt & Technology
GPA: 3.763
Awards: Dean's List on Spring 2020 & Fall 2020

02/2021 – Present   Master of Science, Syracuse University – Syracuse, NY
Major: Applied Data Science
GPA: 3.917

Relevant Completed Courses

- Application Programming for Information Systems
- Applied Machine Learning
- Business Analytics
- Calculus III
- Data Administration Concepts and Database Management
- Design and Management of Internet Services

- Enterprise Data Analysis
- Human Centered Design
- Information Visualization
- Info Tech Mgmt & Administration
- Managing Information Systems Projectss
- Prof Issues/Info Mgmt & Tech
- Quant Reasoning Data Science

SKILLS

- R (machine learning, data visualization)
- Access (tables, relationships, queries)
- Google Analytics
- Python
- SQL

- MS Excel (lookup, correlation, regression, forecasting, 3d maps, power query, power pivot, solver optimization)
- HTML
- C++
